

Medical Security Card Co.

Company Overview

Medical Security Card Company (MSC) LLC, (d/b/a ScriptSave), was founded in 1994 and is headquartered in Tucson, Arizona. A member of the MedImpact, Inc. family of companies, MSC is committed to reducing out-of-pocket drug costs so consumers can afford to fill prescriptions, follow prescribed regimens, and enjoy better health outcomes.

For more than two decades, MSC has been closing the gaps in healthcare and prescription coverage with innovative prescription savings programs for the insured, uninsured, and under-insured.

MSC Prescription Savings Programs offer savings on brand-name and generic prescription medications. Savings can be easily accessed at participating pharmacies nationwide including mass merchants, grocery stores, every national drug store chain, and thousands of independent pharmacies.

Employers, pharmacies, health plans, health exchanges, non-profits, and other organizations across the nation rely on MSC's prescription savings programs. MSC provides a high-value, low-cost advantage to employees, customers, patients, and members.

Our Difference

Pharmacy Centric

Our network includes 62,000 pharmacies nationwide. MSC continues to administer pharmacy loyalty programs for 1 out of 3 pharmacies in America.

Multiple Network Solutions

With multiple network solutions, MSC works strategically to evolve products and services, build new programs, and develop next generation platforms that fit the ever-changing needs of clients. MSC offers custom and open networks along with standard and custom benefit designs.

Un-parallelled Customer Base

No other company has MSC's broad customer base, which offers a unique view of the marketplace. This strategic positioning provides more contacts, depth of knowledge, and resources than any other company in the industry.

Data Analytics and Reporting

Access to MSC's analytics and team of skilled professionals is included as a part of a ScriptSave program at no additional cost. A market differentiator, MSC's analytics team brings decades of experience in pharmacy, managed care, retail, and other key areas necessary to generate actionable insights.

Technology Services

MSC's dedicated team works with clients to ensure the technical implementation portion of a client's program is executed seamlessly. Along with secure file transfer, data management, and MSC's health services platform (a web-based program management solution for seasonal or year-round programs), the team can provide: web site development, iFrame development, web services, and pricing portals.

Our Services

MSC offers a wide array of services that clients can leverage to increase their competitiveness in the marketplace. Services include:

- Consultation/Industry Expert Support
- Custom Program Designs
- RFP Support
- Designated Strategic Account Managers
- Custom Messaging and Brand Integration
- Development of Private Labeled Programs and Supporting Materials
- Customer and Pharmacy Help Desk Services
- Formulary Management
- Preferred Drug List Management
- Claims Processing Solutions
- Rebate Management
- Reporting and Analysis
- Web Services
- Data Management
